

# 8-1 城市公用事业基本情况

## Basic Statistics for urban Public Utilities

| 指标名称                | Item                                                                         | 1999    | 2000     | 2001      |
|---------------------|------------------------------------------------------------------------------|---------|----------|-----------|
| <b>城市个数(个)</b>      | <b>Number of Cities (unit)</b>                                               |         |          |           |
| 省辖市                 | Cities Under the Jurisdiction of Province                                    | 13      | 13       | 13        |
| 县级市                 | Cities at County Level                                                       | 16      | 16       | 16        |
| <b>城市规模</b>         | <b>City Size</b>                                                             |         |          |           |
| 城市人口(万人)            | Population of Cities (10 000 persons)                                        | 1164.89 | 1196.68  | 1028.12   |
| #非农业人口              | #Non-agricultural Population                                                 | 668.87  | 691.72   | 702.02    |
| 城市面积(平方公里)          | Total Areas of Cities (sq.km)                                                | 12716   | 12733.44 | 8426.25   |
| #建成区面积              | #Developed Areas                                                             | 743     | 799.27   | 847.47    |
| <b>房屋建筑</b>         | <b>Buildings</b>                                                             |         |          |           |
| 实有房屋建筑面积(万平方米)      | Floor Space of Buildings (10 000 sq.m)                                       | 26222   | 25884    | -         |
| 实有住宅建筑面积(万平方米)      | Floor Space of Residential Buildings (10 000 sq.m)                           | 13883   | 15749    | -         |
| 实有住宅居住面积(万平方米)      | Living Space of Residential Buildings (10 000 sq.m)                          | 7636    | 8753.51  | -         |
| 人均居住面积(平方米)         | Per Capita Living Space (sq.m)                                               | 10.77   | 11.75    | 11.8      |
| <b>供水</b>           | <b>Water Supply</b>                                                          |         |          |           |
| 综合生产能力(万立方米/日)      | Production Capacity of Tap Water (10 000 cu.m/day)                           | 1242.26 | 1162.21  | 1263.39   |
| #地下水                | #Shallow Ground Water                                                        | 105.28  | 103.78   | 101.33    |
| 供水管长度(公里)           | Length of Water Supply Pipelines (km)                                        | 7487    | 7650     | 9664.5    |
| 供水总量(万立方米)          | Total Annual Volume of Water Supply (10 000 cu.m)                            | 283226  | 282357   | 276325    |
| #生活用                | # For Residential Use                                                        | 89522   | 95233    | -         |
| #生产用量               | # For Production                                                             | -       | -        | 157973    |
| 公共服务用量              | For Republic Services                                                        | -       | -        | 18743     |
| 家庭用量                | For Family Use                                                               | -       | -        | 85723     |
| 人均日生活用水量(升)         | Per Capita Daily Consumption of Tap Water<br>for Residential Use (liter)     | 289.33  | 310.87   | 339.35    |
| 用水普及率(%)            | Percentage of Population with Access to Tap Water (%)                        | 97.85   | 97.5     | 97.4      |
| <b>供煤气、液化石油气</b>    | <b>Coal Gas and Liquefied Petroleum Gas Supply</b>                           |         |          |           |
| 供气总量                | Total Gas Supply                                                             |         |          |           |
| 煤气(万立方米)            | Coal Gas (10 000 cu.m)                                                       | 74550   | 60375    | 48559.3   |
| #家庭用                | #Consumption for Residential Use                                             | 23437   | 28521    | 7746.66   |
| 液化石油气(吨)            | Liquefied Petroleum Gas (ton)                                                | 189579  | 202033   | 247606    |
| #家庭用                | #Consumption for Residential Use                                             | 175829  | 189827   | 223912    |
| 煤气管道长度(公里)          | Length of Coal Gas Pipelines (km)                                            | 953     | 1116     | 1155.8    |
| 石油液化气管道长度(公里)       | Length of Liquefied Petroleum Gas Pipelines (km)                             | 119     | 216      | 461.9     |
| 用气普及率(%)            | Percentage of Population with Access to Gas (%)                              | 75.54   | 78.35    | 82.6      |
| <b>公共交通</b>         | <b>Public Traffic</b>                                                        |         |          |           |
| 运营车辆合计(辆)           | Number of Public Transportation Vehicles (unit)                              | 8891    | 9083     | 8616      |
| #汽车                 | #Buses                                                                       | 8891    | 9083     | 8616      |
| 小公共汽车               | Small Buses                                                                  | 5223    | 5228     | 4302      |
| 折运营标台(标台)           | Convert into Standard Unit (unit)                                            | 6904    | 7212     | 7021      |
| 运营线路长度(公里)          | Length of Public Transportation Lines (km)                                   | 3065    | 3713     | 3169      |
| 出租汽车总计(辆)           | Total of Taxi (unit)                                                         | 18316   | 19534    | 22663     |
| 每万人拥有公共交通工具<br>(标台) | Number of Public Transportation Vehicles (unit)<br>per 10 000 persons (unit) | 10.32   | 10.43    | 10.39     |
| 公交客运总量(万人次)         | Number of Passengers Carried (10 000 person-times)                           | 91835   | 106227   | 101835.32 |
